

Condensed version of how ANDREA became the sole owner of the Bonnie View Inn ☺

- Monte Miscio; Andrea's awesome X-husband started in the Bonnie View kitchen in June, 1992
- Andrea Hagarty started housekeeping & serving in March of 1993, moving on-site into a room in the main inn...worked hard to become head housekeeper...patio manager...dining room manager.....until general manager by 1997.
- March 27, 1999—their son Paydon was born & September 2, 2003--their daughter Macy.
- By living on-site Andrea did not have big bills to pay so she invested in a cottage to rent out on Lake Kashagawigamog.
- Andrea & Monte had opportunities to experience away from the inn...but always found their way back...
 - Summer 1994 --They opened a paintball course on Highway 121 called "Ambush Paintball"
 - Winter 1996-1997—They worked at Big White Ski Resort in Kelowna, BC. Andrea as a waitress & Ski / Snowboard instructor. Monte a sous chef.
 - September 1999 - May 2000—They along with Paydon ran a restaurant called The Blue Lagoon, just outside of St. Johns; Antigua.
 - Andrea still teaches snowboarding & is an evaluator for level 1 CASI snowboard courses as a great escape from the inn ;)
- Winter of 2005 Monte & Andrea decided it was time to move on from the inn. The owner at the time, Peter Mavroukas, offered to sell them the Inn instead of the hard process of looking for another manager & Chef team who worked so hard! ;) Soooooo the LOOONNNNGGGG process began and luckily Andrea had the cottage on Lake Kashagawigamog to sell and use the down payment!!!
- The deal was completed by November 30th, 2005. ☺
- The past few years Monte & Andrea have been in a different stage of their lives running the inn as partners...not as a couple....BUT are still great friends!! Monte stepped out of the kitchen Spring of 2013 to help with maintenance/books while still keeping a watchful eye & helping out when needed.
- Winter 2015 after lots of talking....it was decided that it was time for them to start separating their lives more. Spring 2015 a decision was made for Monte to buy Andrea out!! She was excited and scared to start a new life as of September 30, 2015.....BUT when September came after lots more talking.....it was decided that Andrea would buy Monte out.....Andrea had already made plans for her departure from the inn...ONE being a 4 week period booked to be in South America to climb Mt Aconcagua....a life changing bucket list experience!! Monte helped Andrea with the inn while she was gone & Andrea came back from the mountain feeling like she can do anything!! #ONE making the inn busy & better & an exciting place to work at again!!
- The deal was completed for Andrea to be sole owner As of November 30th 2015
